

Tanisha D. Hill

U.S. Sr. Medical Director, Respiratory
Teva Pharmaceuticals

Tanisha D. Hill is the Sr. U.S. Medical Director of the Digital Health portfolio of products at Teva Pharmaceuticals, and the President and Founder of the Digital Health for Equitable Health (DHEH) Alliance, which is a non-profit organization with the mission to improve access to care in underserved populations using digital health. Tanisha has over 25 years of experience in the healthcare industry that spans government, clinical practice management, clinical research, social marketing, health communications, and the pharmaceutical industry. She has approximately 10 years of experience in the area of digital health and was at the forefront of the launch of the first FDA-approved sensor-integrated digital inhaler drug-device products in the field of respiratory disease. Tanisha leads several clinical studies using Teva's Digihaler® portfolio of products. Tanisha has won several industry awards, is a public speaker, and has been the author of various publications in the areas of digital health, disparities including several recent publications of real-world evidence using Teva's Digihaler products. Over many years, Tanisha has volunteered her time as a member of the board of directors and Chairman of the board for a number of organizations. In her last volunteer role, Tanisha served as the inaugural board Chair of a non-profit organization to establish a free and charitable health center to serve the people of underserved populations in the metro Atlanta area.
