Laurence Clement Roca

Laurence Clement Roca holds a Master of Applied Science in Environmental Applied Science and Management from Ryerson University. Her master's thesis focused on the use of indicators in sustainability reporting and part of her results were published in the Journal of Cleaner Production. She previously completed an engineering degree in Textiles and Industrial Techniques at ESTIT University in Villeneuve d'Ascq, France. She has 10 years of management experience as a head of inspections and quality departments and as a R&D project manager. Her working interests focus on corporate sustainability initiatives, with an emphasis on addressing environmental concerns and the development of indicators.
