

## Access to Experts

**Alexis Lloyd** , Creative Technologist, Research & Development Operations , The New York Times Company

Alexis Lloyd is a Creative Technologist for the Research and Development group at The New York Times Company. She is responsible for researching technology trends and prototyping future interfaces for content consumption across multiple platforms and devices. In addition to her work at the Times, Ms. Lloyd has over 12 years experience as a multimedia and interaction designer, and has designed award-winning projects for clients such as FOX, Columbia University, American Express, PBS, and others. In addition, her new media art and design work has been shown internationally, in such venues as SIGGRAPH, the Chelsea Art Museum, Artgadgets (Netherlands), MAD Emergent Arts Center (Netherlands), the Melvin Art Gallery, and Symphony Space. Ms. Lloyd holds an MFA in Design and Technology from Parsons School of Design, where she also teaches.
