Renée B. McKaskle

Vice President, IT Governance Services, Symantec Services Group (SSG)
Symantec Corporation

Renée McKaskle leads a global team responsible for business operations and Information Security. Symantec is a global leader in infrastructure software, enabling businesses and consumers to have confidence in a connected world. The company helps customers protect their infrastructure, information and interactions by delivering software and services that address risks to security, availability, compliance and performance. Headquartered in Cupertino, California, Symantec has operations in more than 50 countries. Prior to joining Symantec, Ms. McKaskle served as VP of Global Applications IT at Oracle. She was responsible for the enterprise support applications and infrastructure. Before Oracle, Ms. McKaskle served as VP of PeopleSoft IT Business Operations and Technology Solutions Delivery. Ms. McKaskle has more than 18 years of experience in IT leadership in the high technology industry. She began her career in technology as a consultant offering advisory services to global customers in the areas of process, ERP, infrastructure and legal. Ms. McKaskle received her bachelor's degree in Economics from UCLA and her Master's of Information Systems degree from the University of Texas.
