Ben Cheng
Senior Methodologist, Data Analytics
The Conference Board
ben.cheng@conference-board.org

Ben Cheng is a Senior Methodologist in the economics department at The Conference Board. He received his undergraduate degree in economics with honors and mathematics at New York University. Ben has worked on a variety of research projects involving productivity and labor market topics, including the effect of ICT on the geographic diffusion of occupations and industries, the relationship between firm size and workforce adjustments during business cycles, and determinants leading to retirement postponement in the United States. In addition, he produces The Conference Board Total Economy Database, a global productivity database providing growth accounting and internationally comparable data for analysis on competitiveness and long-term growth.

Contact Carol Courter, Manager, Corporate Communications, +1 212 339 0232, courter@conferenceboard.org

The Conference Board is a global, independent business membership and research association working in the public interest. Our mission is unique: to provide the world’s leading organizations with the practical knowledge they need to improve their performance and better serve society. The Conference Board is a non-advocacy, not-for-profit entity holding 501 (c)(3) tax-exempt status in the United States of America.
