

Jason Fan

CEO and Co-founder
Forma

Jason Fan is an HR technology entrepreneur focused on transforming the way companies provide employee benefits. As co-founder and CEO of Forma, a flexible benefits platform, Jason aims to revolutionize how companies manage their HR programs and empower employees with the ability to discover and choose benefits that fit their personal lifestyle and needs. Jason started his company in 2017 and since then has grown it to more than 135 employees across 30+ cities.
