

Suzanne Brauer

Head of Operations & Enablement
Kenvue

Sue is currently the Head of Operations & Enablement within Enterprise Business Solutions at Kenvue. Prior to this, she had performed multiple functions within GBS organizations over the last 25 years including 20 years at Bristol-Myers Squibb. She is a CPA but soon after leaving public accounting, Sue migrated from accounting to processes and systems. Throughout her career, she has stood up multiple shared service functions and centers globally. Her focus is process improvement with a passion for change and stakeholder management.
