

Joseph Press

Co-Founder
MakeOurFuture
Senior Fellow
The Conference Board

Dr. Joseph Press is a co-founder of MakeOurFuture, a global consulting cooperative helping organisations transition to more sustainable practices. He is a Futures Architect at Institute For The Future, where he leverages over 25 years of global experience in innovation, design and leadership to create better futures for all. He began his career as an architect, completing his Ph.D. at MIT in Design Technology.

Following 15 years with Deloitte Digital advising digital transformation initiatives, he joined the Center for Creative Leadership to learn the arts of leadership. He is currently a Visiting Professor at the Politecnico di Milano, and recently published *IDeaLs (Innovation and Design as Leadership): Transformation in the Digital Era* (Emerald Publishing August 2021).
