

## Chris Gagen

Senior Director, Analytic & Strategic Consulting  
Springbuk

For the last 20 years, Chris Gagen has developed, implemented, maintained, and enhanced predictive models within the healthcare industry. Throughout his various positions, he's gathered experience across collaborations with business leaders, product managers, data scientists, and software engineers to define and solve healthcare business problems. In 2019, Chris brought his expertise to Springbuk, joining the team as the Senior Analytics Subject Matter Expert.
