

## Florencia Halperin

Chief Medical Officer  
FORM

Dr. Florencia Halperin is the Chief Medical Officer of FORM where she oversees the clinical team who delivers evidence-based, personalized clinical obesity care to help patients with obesity achieve their weight loss and health goals. Prior to joining FORM, Dr. Halperin founded and served as Co-Director of the Brigham and Women’s Hospital Center for Weight Management and Metabolic Surgery. She completed her undergraduate and medical school education at Harvard University and her Masters of Medical Sciences at Harvard Medical School. Dr. Halperin is board certified in endocrinology and a member of many professional associations including the American Medical Association, Endocrine Society, American Diabetes Association, and The Obesity Society.
