

Angela Sim

Sr. Director, Global Benefits
Gilead Sciences

Experience and Present Responsibilities

- Angela has 25 years of HR experience with 11 of those at Gilead Sciences, a global biopharmaceutical company whose vision is to create a healthier world for all people.
- Angela works at Gilead's headquarters in Foster City, California where she provides leadership and strategic oversight for all retirement, health, and wellbeing benefit programs across all of Gilead's business and in a complex global environment, and is leading a team who are transforming the way employee benefit plans and programs are delivered to employees and their families. Angela's work currently enhances Gilead's position as a biotech employer of choice.
