

## Connie Rust

Director of Client Success  
Joshin

Connie serves as the Director of Client Success at Joshin, where her extensive background in HR and benefits consulting plays a pivotal role. She acts as the primary point of contact for our ever-expanding partnerships across the various departments supported by Joshin. Connie has an MBA and an MSW, and she brings experience from both macro and clinical settings, where she has provided support to individuals with disabilities and neurodivergent conditions. Her personal experience with epilepsy has informed her perspective, and she now openly shares this aspect of her life in professional and personal conversations. Beyond work hours, Connie enjoys exploring new coffee shops and seeing new movies. She is particularly passionate about advocating for disability representation in film.
