Pulak Goyal

CTO
Cascade Health

Pulak Goyal is the Co-Founder and CTO of Cascade, a company dedicated to transforming the employee experience with AI. Before starting Cascade, Pulak was an engineer at Microsoft working in Cloud and AI. Pulak is an expert in intelligent system design and distributed systems engineering and was one of the first engineers on a team tasked with building a machine learning platform to deliver intelligence to Microsoft's data centers worldwide. Pulak holds a degree in Computer Science from Harvard College.
