

Paul Dove

Expert in R&D, building innovation capability and large-scale product implementation
Senior Fellow, ESF Center, Europe
The Conference Board

Paul Dove, is a recognised expert in R&D, building innovation capability, large-scale product implementation and operational programs.

He has a track record of building R&D and Innovation organisational capabilities, with a reputation for building sustainable organisations for the future.

Paul has over 20 years' experience in senior leadership and board positions in multiple FMCG sectors, including Cosmetics, OTC Health Care, Food & Beverage, Brewing and Paper products.

Has led the introduction of many new to the world products across the globe from the concept stage and also has the unique experience of setting up and leading Quality Assurance systems in commercial settings.
