Artem Fishman

Chief Technology Officer
Dow Jones

Artem Fishman is Chief Technology Officer at Dow Jones. He leads the company's global Technology organization across Engineering, Product, Design, Data, AI and Operations. Artem oversees technology strategy and innovation across Dow Jones brands including The Wall Street Journal, Barron's and the company's business intelligence products and services.

Artem is a veteran technology executive with a long track record of spearheading premier consumer products in the news, media and financial services industries. Prior to joining Dow Jones, he served as senior director of engineering at LinkedIn, where he oversaw the company's homepage surface and content experiences. He also served as the research & development lead at LinkedIn in New York. Artem has also held senior leadership roles at SoundCloud, Yahoo, Thomson Reuters and The New York Times.

A graduate of New York University, Artem currently serves as co-chair of the New York CTO Club, an independent, not-for-profit group of senior technologists.
