Dorcas Attah

Senior Analyst, Benefits Data & Market Analytics
Mercedes-Benz USA

Dorcas Attah is a Senior Analyst, Benefits Data & Market Analytics at Mercedes-Benz USA (MBUSA), based in Atlanta. In her role, she leverages advanced data analysis to generate insights, optimize benefits programs, and support strategic decision-making across the organization. Known for translating complex data into clear, actionable recommendations that guide leadership decision-making and optimize program performance, Dorcas partners closely with internal stakeholders and external vendors to deliver measurable business impact. Her background in career development and mentorship, and her enthusiasm for AI, combined with her technical expertise, enables her to take a people-centered approach to data and workforce solutions.
