

Naomi Levinthal

Chief Growth Officer
Reperio Health

Naomi Levinthal is Chief Growth Officer at Reperio Health, where she leads go-to-market strategy and partnerships to expand access to preventive care. She brings nearly 20 years of experience driving growth across healthcare, digital health, and life sciences. Previously, she was Vice President of Strategy and Partnerships at Memora Health and Managing Director at Advisory Board (now part of Optum / UnitedHealthcare). Naomi holds a master's in Health Informatics from Northwestern University Feinberg School of Medicine and a master's from Loyola University Chicago.
