Anuj Saush

Senior Sustainability Researcher - Europe

The Conference Board

anuj.saush@conference-board.org

Anuj Saush leads the sustainability research practice for the Sustainability Centre in Europe. He started his career as an environmental consultant, focusing on strategy, innovation, and compliance, and then transitioned into corporate sustainability roles, where he has experience of leading and delivering sustainability strategy, supply chain, circular economy, and social enterprises programs. Anuj's previous roles include positions at international professional services firm PwC, and with the low-carbon energy group EDF.

Anuj has a master's degree in environmental policy from the London School of Economics and holds a civil engineering degree from North Maharashtra University in India. He also attended the sustainability leadership program at the University of Cambridge. He is a Chartered Environmentalist and a member of the Institute of Environmental Management and Assessment. He is also a trained coach and is currently pursuing an executive program in behavioral psychology at the Henley Business School.
