

Krista Bennatti-Roberts

Data Scientist
Hansell McLaughlin Advisory
kbennatti@hanselladvisory.com

Krista Bennatti-Roberts is a data scientist at Hansell LLP and Hansell McLaughlin Advisory. She uses predictive and explanatory modelling, descriptive analytics, text mining, and time series forecasting to support thought leadership and to augment client deliverables.

She has expertise in statistical modelling, computer programming as well as accounting and audit. She has a Master of Business Analytics from the Schulich School of Business and is a Chartered Professional Accountant. Prior to her master's degree, she worked for four years as an auditor. She worked in the Energy and Natural Resources assurance practice at KPMG where she had clients such as large, international mining companies as well as junior companies. She specialized in International Financial Reporting Standards (IFRS) and Sarbanes-Oxley internal control testing. She also worked in the health portfolio at the Office of the Auditor General of Ontario where she focused on value-for-money auditing.
