Maritza Campbell
Care Coordinator
Wellthy

Maritza Campbell has been on a homeschooling journey since 2012 and has juggled working full time while homeschooling a child. She has over 12 years experience in mental health and developmental disabilities before deciding to cultivate her child's at home learning experience.

Maritza holds a Master of Arts in Human Services and currently supports her child's education through a mix of homeschooling curriculum and a virtual online charter school. She actively supports Wellthy by helping families to navigate homeschooling and virtual schooling options through finding in-home support and scouting community resources.
