[20 Truths about Human Capital Analytics: Insights from the Human Capital Analytics Conference](#)

25 January, 2018 | Conference KeyNotes

Starting a human capital analytics function can help you make better business decisions. Having clean data and incorporating artificial intelligence will make your analytics function even stronger.

[Rethinking Innovation Spending: What the Data on Intangible Investment Reveals](#)

18 December, 2017 | Research Report

Businesses around the world face a need to better quantify the financial impact of their innovation investments. But our research reveals that companies miss up to four-fifths of their spending on innovation, making any accurate calculation of return difficult. This report outlines a holistic approach for more accurate assessment of innovation spending.

[Blockchain Technology: The Marketing Value of Digital Permanence](#)

28 November, 2017 | Research Report

Blockchain technology has the potential to be transformational. For communications and marketing, this change could come sooner rather than later.

[Insights from Highly Innovative Companies: Results from The Conference Board and InnovationOne Global State of Innovation Survey 2017](#)

08 November, 2017 | Research Report

High innovators think of innovation as a strategic imperative—not just as R&D. That's just one of the highlights from The Conference Board and InnovationOne Global State of Innovation Survey 2017.

[Digitization's Impacts on Organizations, Leadership, and HR](#)

05 July, 2017 | Key Business Issues Listing

This report investigates what organizations need to look, feel, and act like if they are to be successful at digital transformation. What are the strategic capabilities companies need to develop? How can corporate culture support or hinder digital transformation? What kinds of organizational structure does digital transformation require?

[Business Contributions to the Arts: 2017 Edition](#)

28 June, 2017 | Research Report

The Conference Board and Americans for the Arts jointly conducted this survey which examines trends in business support and employee engagement for the arts. The report segments aggregate data across industries and size groups.

[25 Truths about Customer Experience: Insights from the 2017 Customer Experience Conference](#)

08 June, 2017 | Conference KeyNotes

The best way to provide a great customer experience is to stay on top of evolving customer needs and view disruption as a new way to please customers.

[Signposts of Innovation: A Review of Innovation Metrics](#)

03 May, 2017 | Economics Program Working Paper Series

This working paper gives an overview of approaches to innovation measurement and dives more deeply into the metrics which can help businesses to track, monitor, and assess innovation performance. The Signposts of Innovation framework includes technology, digitization, environmental and social sustainability, customer experience and branding, internal innovation networks, and external innovation ecosystems.

[The Conference Board Human Capital in Review™: Future of Work \(Vol. 1, No. 1, 2017\)](#)

02 March, 2017 | Human Capital in Review

This series focuses on the Future of Work and how technology is transforming every aspect of work—and in the process, opening a Pandora's box of complex issues for today's human capital practitioners.

[16 Truths about Change Transformation: Insights from the 2016 Change and Transformation Seminar](#)

01 February, 2017 | Conference KeyNotes

Curation is more than a popular buzzword; it's an effective tool for transforming business. It's not what a business knows that matters, but how that business organizes and applies that knowledge.

[Beyond Technology: Building a New Organizational Culture to Succeed in an Era of Digital Transformation](#)

23 January, 2017 | Research Report

Digital transformation is more than just a new set of tools for the workplace. True digital transformation means a digital world where everything is connected, hierarchy fades, and innovation happens through networks.

[Beyond Technology: Executive Summary](#)

23 January, 2017 | Research Report

In this era of digital abundance, organizational success (and in more than a few cases, survival) will require moving well beyond traditional change initiatives to a complete transformation. It will not be easy.

[Beyond Technology: Why This Transformation Is Different](#)

23 January, 2017 | Research Report

If the industrial age was about standardization; the digital age is about mass customization and mass collaboration.

[Beyond Technology: The Human Element and the New Leadership](#)

23 January, 2017 | Research Report

Having an advantage in technology is not enough to keep an organization out front in the digital age. It is organizational culture, enlightened leadership, and talent that will ultimately create a sustainable competitive advantage.

[Beyond Technology: Innovation in the Era of Digital Transformation](#)

23 January, 2017 | Research Report

The scarcity in the New Digital Economy is not the technology—it's the organizational mind-set to move beyond traditional approaches to innovation.

[Beyond Technology: Risk, Regulation, and Building Trust in the Digital Age](#)

23 January, 2017 | Research Report

Greater connectivity brings greater opportunity but also greater risk. Potential vulnerabilities have moved up the risk agenda of companies across the globe, including in Europe.

[Beyond Technology: Conclusion and Action Plan](#)

23 January, 2017 | Research Report

This extract includes an action plan from The Conferenced Board to assist organizations on the road to digital transformation.

[The New Business of Business: Innovating for a Better World](#)

20 January, 2017 | Research Report

Businesses today face three challenges: shareholder demands for growth, employee desire for meaningful work, and public expectations. This *Giving Thoughts* describes how firms are tackling these three challenges simultaneously.

[Follow the Leader: The Adoption and Use of Instagram by the Inc. 500 and the Fortune 500](#)

12 December, 2016 | Research Report

This *SNCR 2020* article examines the commonalities of Inc. 500 and Fortune 500 companies that have adopted Instagram.

[Digital Transformation: What Is It and What Does It Mean for Human Capital?](#)

17 November, 2016 | Key Business Issues Listing

Based on a literature review, interviews with leading experts, and company examples, this report builds the foundation for a series of reports to be released in the next few years.

[The Conference Board Human Capital in Review™: Voices from Europe \(Vol. 1, No. 2\)](#)

11 October, 2016 | Human Capital in Review

This publication explores hot topics within human capital research from a European perspective and provides actionable summaries of contemporary literature.

[Millennials and Social Commerce: Brands and Buy Buttons](#)

01 September, 2016 | Research Report

The first edition of the *SNCR 2020 Series* explores the use of buy buttons on social media.

[25 Truths about Sustainability: Insights from the Sustainability Summit](#)

02 August, 2016 | Conference KeyNotes

There's good and bad news in sustainability. Good: more businesses are taking sustainability seriously. Bad: for many, "growth" still means "selling more product." The solution: sustainable innovations that also drive business growth.

[Corporate Use of Social Media](#)

06 April, 2016 | Director Notes

Companies use social media to overcome a perceived lack of traditional media attention and improve their information environment, but this benefit is offset when investor-focused social media communications are disseminated by others.

[Putting It All Together – Employee Engagement, Innovative Approaches, Sustainable Outcomes](#)

01 March, 2016 | Conference KeyNotes

Companies used to show they cared by writing checks. Today, their societal missions are far-reaching and intensive. Why? Millennials demand it, the world needs it, and safe and prosperous communities benefit business.

[The Business Case for Corporate Investment in Sustainable Practices](#)

29 May, 2015 | Research Report

A growing body of research based on quantifiable bottom-line results shows that investments in environmental, social, and governance initiatives produce a positive impact on financial market performance.

[You Know Social Media Is Advancing Your Brand—Now Prove It](#)

09 March, 2015 | Executive Action Report

Assessing and communicating the business impact of social media requires assigning values to human reactions, establishing correlations, and adapting or rethinking traditional marketing metrics.

[On the Record with Charles Allen](#)

08 September, 2014 | Executive Action Report

"Retaining people in the profession is definitely our biggest issue," notes Charles Allen, CEO of accounting/consulting firm Crowe Horwath LLP. He tells us how his firm approaches this key human capital challenge.

[Designing Global Businesses for Innovation and Growth](#)

27 August, 2014 | Research Report

Organization design can support innovation within a company. It creates the context for innovative activity and the means for delivering results to customers. But the alignment between organization design structures and innovation strategy can break down.

[Is This the End of Work? Information Technologies and Labor Market Disruption: A Cross-Atlantic Conversation](#)

09 July, 2014 | Executive Action Report

So far, the digital revolution has produced technology but not jobs. What is the impact of technology on employment? Leaders from Canada, Europe, and the United States tackle this question.

[How Can Companies Make the Value of Intangibles More Well-Tangible?](#)

16 June, 2014 | Executive Action Report

There is a critical need to develop better standards for measuring, reporting, benchmarking, and analyzing intangible investments.

[Building the Foundation of an Innovative Culture: Human Capital's Role in Making It Happen](#)

23 May, 2014 | Executive Action Report

Although most organizations agree that innovation is important for sustainability and growth, few do it well. To help reverse that trend in your organization, this report presents four recommendations and examples from top companies for innovation.

[Connect. Converse. Create: How Companies Can Generate Value through Internal Social Collaboration](#)

26 March, 2014 | Research Report

This report explores why internal social collaboration (ISC) is necessary in the modern workplace, and examines how organizations can increase its adoption and engineer ISC for success.

[Closing the Digital Entrepreneurship Gap in Europe: Enabling Businesses to Spur Growth](#)

04 March, 2014 | Executive Action Report

Small innovative companies in the information and communication technology (ICT) sector play an important role in energizing economic growth, but face many barriers, especially in Europe.

[The Conference Board Human Capital in Review™: Focus on Health Care \(Vol. 1, No. 1, 2013\)](#)

22 November, 2013 | Human Capital in Review

How will the new health care laws affect individual companies? The sea change underway presents implementation and retention challenges for businesses within and outside the health care sector.

[Avoiding the Digital Desert](#)

19 November, 2013 | Executive Action Report

Globally, technology developments are taking place at an unprecedented and ever-increasing pace, but, in many respects, European policies and attitudes seem frozen in time.

[How Much Does Your Company Really Invest in Innovation?](#)

25 October, 2013 | Executive Action Report

Innovation is more than R&D. It includes the full range of activities needed to implement or commercialize new ideas. But how are those activities measured for bottom-line impact?

[When Innovation Isn't: By pursuing breakthroughs less indiscriminately, we may just get more of them.](#)

16 October, 2013 | The Conference Board Review

The first step to bridging the innovation gap is to cease labeling every new initiative as "innovation."

[Where Implementation Breaks Down](#)

15 July, 2013 | The Conference Board Review

In companies' focus on innovation, many are focusing too little attention on execution.

[The 2013 Leadership Development Conference KeyNotes Report](#)

03 July, 2013 | Conference KeyNotes

As the nature of corporate competition changes, it is more important than ever to develop leaders who are capable of innovation.

[On the Record with Dr. Loren Skeist](#)

02 April, 2013 | Executive Action Report

The president of Spellman Electronics shares his views on *The Conference Board CEO Challenge*® of 2013 including the challenges CEOs ranked highest: innovation, operational excellence, and government regulation.

[Integrating Corporate Wellness Initiatives within Human Capital Strategy](#)

27 February, 2013 | Executive Action Report

How can companies successfully work their wellness initiatives into their larger human capital strategy?

[Design-Centered Innovation: Observe. Learn. Innovate](#)

16 January, 2013 | Council Perspectives

Customers value the experience of using a product or service, not just the product or service itself. Companies can use a design-centered approach to innovation to facilitate the process of selling the total “experience” to their customers.

[Innovation Accounting](#)

13 December, 2012 | Economics Program Working Paper Series

by Carol Corrado and Charles Hulten

December 2012 - EPWP #12 – 04

[On the Record with Nick Konidaris](#)

15 November, 2012 | Executive Action Report

This is a follow-up interview with one of the CEOs of a mid-market firm who participated in The Conference Board CEO Challenge 2012: Nick Konidaris, President and CEO of Electro Scientific Industries (ESI).

[Leveraging Corporate Security for Business Growth and Improved Performance: The Transformative Effect of 9/11](#)

11 September, 2012 | Council Perspectives

Security has become a core function, embedded in disciplines like finance, law, human resources, quality, supply chain, marketing, and operations.

[Water Worries: How Incorporating Long-Term Risk into Strategic Planning Pays Off](#)

11 June, 2012 | Council Perspectives

How companies manage risk, opportunity, and scarcity today will determine the long-term value they create for stakeholders and society, and the world’s dwindling water resources are a pivotal case in point.

[The Incredible Disappearing Office: Making Telework Work](#)

29 May, 2012 | Research Report

We offer guidance for executives to start conversations internally about the value of telework and recommendations on how best to implement it.

[Answering The Conference Board CEO Challenge® 2012: Innovation Leads, Uncertainty Lingers](#)

29 May, 2012 | Council Perspectives

Is today’s C-suite taking full advantage of its organization’s quality executives and function as a way to answer its most pressing challenges?

[The Conference Board CEO Challenge® 2012: Risky Business—Focusing on Innovation and Talent in a Volatile World](#)

20 March, 2012 | CEO Challenge®

According to respondents to **The Conference Board CEO Challenge**®, the race to innovate and the war for talent are just two of the challenges of the current business landscape.

[2011 State of the Future: Future Arts, Media and Entertainment](#)

01 December, 2011 | China Center Publications

Music, media, and the arts remain powerful tools for bridging culture, sharing diverse values, and creating new visions for a more evolved and peaceful civilization.

[Social Media Adoption Soars as Higher Ed Experiments and Reevaluates Its Use of New Communications Tools](#)

01 December, 2011 | Research Report

For US institutions of higher education, the competition for students is fierce. Survival often depends on engaging students through the use of social media and new communications tools.

[The 2011 Fortune 500 and Social Media Adoption: Have America's Largest Companies Reached a Social Media Plateau?](#)

01 December, 2011 | Research Report

The report is the outcome of a statistically sound study of the 2011 Fortune 500. The study analyzed the number of followers and fans of corporate Twitter and/or Facebook accounts.

[e-Publishing Poised to Break Records Again in 2012](#)

01 December, 2011 | Research Report

Focusing on the e-publishing industry, this research considers the rise in e-book sales in the United States on the back of soaring tablet computer sales.

[The 2011 Corporate Contributions Report](#)

29 November, 2011 | Research Report

This report is based on the 2011 edition of The Conference Board Corporate Contributions Survey, which gathered data on charitable contributions made by U.S.-based companies in FY2010.

[CEO Challenge Reflections: On the Record with Fred Keller](#)

04 November, 2011 | Executive Action Report

As a follow-up to The Conference Board CEO Challenge™ 2011: Fueling Business Growth with Innovation and Talent and The Conference Board CEO Challenge 2011: Mid-Markets, Fred Keller—CEO of Mich.-based Cascade Engineering—shares his thoughts on the issues.

[Getting Past Stupid: Stephen Shapiro explains why efforts to stay ahead will often leave you behind.](#)

03 October, 2011 | The Conference Board Review

Crowdsourcing consultant Stephen Shapiro argues that most of the things that companies do in the name of innovation actually destroy it.

[Getting to New and Improved](#)

03 October, 2011 | The Conference Board Review

The science—yes, science—of innovation.

[From Like to Love](#)

03 October, 2011 | The Conference Board Review

According to Adrian Slywotzky, "very good" isn't good enough anymore—your product needs something extra.

[Since the Levees Broke: A Snapshot of New Orleans](#)

17 August, 2011 | Council Perspectives

Hurricane Katrina devastated New Orleans in 2005, and in the years since, corporate contributions have tackled much more than rebuilding—they have also fostered innovation in the underlying issues of health care, education, poverty, and the environment.

[Answering the 2011 CEO Challenge: Accelerating Growth through Quality](#)

13 June, 2011 | Council Perspectives

This *Council Perspective* examines the role the quality function can play in meeting the top challenges identified in the latest edition of *The Conference Board CEO Challenge™*, an annual survey of top executives.

[It's Not Just Your Children's Facebook Anymore](#)

20 May, 2011 | Executive Action Report

Companies that use social media to improve knowledge transfer will see employees benefit from more informed thinking, better ideas, and big steps forward in innovation.

[Competitive Intelligence: A Critical Tool for Innovation](#)

28 April, 2011 | Council Perspectives

The "next big thing" could hit at any time and revolutionize your industry, leaving you with outdated products, processes, partners, and business models. Competitive intelligence (CI) can provide critical insights into what your competitors are doing.

[CEO Challenge 2011: Fueling Business Growth with Innovation and Talent Development](#)

12 April, 2011 | PowerPoint

This year's report is entirely new and features a fully revised and condensed set of 10 overall challenges (down from 84 in previous surveys) and a more in-depth strategy section.

[CEO Challenge 2011: Fueling Business Growth with Innovation and Talent Development](#)

12 April, 2011 | CEO Challenge®

This year's report is entirely new and features a fully revised and condensed set of 10 overall challenges (down from 84 in previous surveys) and a more in-depth strategy section that highlights the need for clear organizational alignment, teamwork, and s

[Innovation and Intangible Assets Gaining the Competitive Edge in Economic Recovery](#)

26 January, 2011 | Executive Action Report

Intangible assets drive innovation and contribute much to a firm's and a country's competitive edge in the knowledge economy. It is time for a fresh look at how businesses look at these critical assets.

[Economic Leadership and Global Responsibilities](#)

20 December, 2010 | Periodical

December 2010

[The Fortune 500 and Social Media 2010: A Longitudinal Study of Blogging, Twitter and Facebook Usage by America's Largest Companies](#)

01 December, 2010 | Research Report

Use of blogs, online video, and podcasts continues to increase among the Fortune 500, but Twitter was the social media channel of choice in 2009.

[US Charities' Adoption of Social Media Outpaces All Other Sectors for the Third Year in a Row](#)

01 December, 2010 | Research Report

The nation's largest nonprofit organizations are using social media more than any other sector. Ninety-three percent of the top US charities now have a Facebook profile, and 87 percent have a Twitter presence.

[Opening up to Open Innovation](#)

17 August, 2010 | Executive Action Report

This new Conversation Starter by Howard Muson continues a series of discussions that we have commissioned about the nature of innovation in small- and mid-market firms

[Answering the CEO Challenge: How Quality Can Drive Profitable Growth across the Organization](#)

01 April, 2010 | Council Perspectives

Results of The Conference Board 2010 CEO Challenge survey point to an increased global focus on corporate reputation for quality, one of the original drivers of the quality management movement.

[What's Your Next Big Thing?](#)

01 April, 2010 | The Conference Board Review

Beyond the search for the really cool idea.

[Shotgun Blues](#)

01 April, 2010 | The Conference Board Review

A scattershot approach to innovation guarantees that you'll miss the mark most of the time.

[The Fortune 500 and Social Media: A Longitudinal Study of Blogging and Twitter Usage by America's Largest Companies](#)

01 December, 2009 | Research Report

This study analyzes how the Fortune 500 uses technological tools like social media and how this use offers important insights into the future of commerce.

[The Fortune 500 and Blogging: Slow and Steady and Farther Along Than Expected](#)

01 December, 2009 | Research Report

This new study revisits and refreshes the prior in-depth study and expands to look at the Fortune 500's usage of the most dramatically growing new social media site, Twitter.

[Going Non-traditional to Create a Successful Shared Services Organization](#)

01 December, 2009 | Council Perspectives

Budget squeezes and demands for even greater cost savings are forcing shared services organizations to look at non-traditional approaches to help hold the line and improve efficiency.

[Grand Designs](#)

01 October, 2009 | The Conference Board Review
