The Conference Board Governance Watch™

Nov 14, 2017

About Our Events

Conference Board Briefings are invitation-only events designed to allow members to connect with experts from The Conference Board on key business issues as they share findings and insights from our latest research, network with senior peers and participate in Q&A.

The **Council** programs provide eligible executives from member companies with high-level peer networking forums in specific functional areas across industries. Each Council meets regularly to share management strategies, discuss common challenges and exchange solutions.
